"Not clinging to some ancient law,
Not mastered by some ancient form,
Not swift nor slow to change; but true."

FRIDAY, MAR. 30, 1894.

Instructions to Lieutenant-Governor Mackintosh are cancelled and new ones are gazetted as follows: "The Lieutenant-Governor is to take care that all laws assented to by him, in my name, or reserved for signature of my pleasure thereon shall, when transmitted by him as fairly abstracted in the margin and accompanied, in such cases as may seem to him necessary, with such explanatory observations as may be required, to exhibit the reasons and occasions for proposing such laws. Whenever the Lieutenant-Governor assents to a bill or ordinance he shall within a few days thereafter send an authentic copy thereof to the secretary of state of Canada. The Lieutenant-Governor, on receipt of a copy of an order in council, disallowing an act, shall forthwith make a proclamation in the Territories of the disallowance act. The Lieutenant-Governor shall not quit the Territories without having first obtained leave from me for so doing, under my sign manual, or through the secretary of state of Canada."

Death does not mean much to a man who has neither pleasure in this life nor belief in any other; so death, plain and easy death, can have no great terror for the Anarchist. The frightful and absolutely senseless and useless atrocities which Anarchists commit go on in Europe unchecked by the occasional hanging of one of the wretches.

For certain offences, advanced civilization flogs the offenders as well as imprisons them. Perhaps a course of floggings preliminary to death would cool the ardor of many Anarchists. The heroism which hits a judge on the nose in court with a chunk of bread indicates that some gentle corrective in addition to the approach of a death penalty that must come anyway, is needed to argue with Anarchists. Flogging is a brutal thing, and the theory on which civilization uses it now is that it appeals conclusively to brutal natures. The Anarchists would appear to come under that category.

The Speech from the Throne.

Following is the speech with which Lord Aberdeen was pleased to open the fourth session of the seventh parliament of Canada.

"Honorable gentlemen of the Senate, Gentlemen of the House of Commons: In the Queen's name I greet you for the first time since assuming the high functions entrusted to me by Her Majesty, and it is with feelings of the liveliest satisfaction that I thus meet you assembled for the labors of another session of parliament. This feeling of satisfaction is enhanced by the opportunities which I have already enjoyed of visiting, and, in my official capacity, of renewing acquaintance with several of the chief centres of the enterprise and activity of this Dominion, nor need I refrain from assuring you that I have been deeply impressed by the heartiness of the reception accorded to me as Her Majesty's viceroy and representative, a reception which has been more manifested the loyalty, the cordiality and the public spirit of the Canadian people.

My predecessor was able to express gratification to you last year on the

increase in trade and on the continued progress of the Dominion. It is gratifying to me to observe that the expectation which was then formed that the volume of trade during the then current year would exceed that of any year in the history of the Dominion, has been fully realized and that Canada's progress continues with every mark of stability and permanency. It may be observed with satisfaction that a large proportion of this increase is shown to have been due to an extension of our commerce with Great Britain. It is a cause of thankfulness that our people have been spared in a very great degree from the sufferings which have visited the populations of some other countries during many months past, and that while the commercial depression prevailing abroad could not but affect the activity of business in the Dominion, we have been free from any extensive financial disaster or widespread distress. The revenues of the year have been ample for the services which you provided for, and have met the expectations on which the appropriations of last year were based. The peaceful conclusion by the award of the arbitrators at Paris of the controversy which had prevailed so long with respect to the seal fisheries in the Pacific ocean and the rights of British subjects in the Hebrides Sea has removed the only source of contention which existed between Great Britain and the United States. With regard to Canada, there is every reason to believe that Her Majesty's Government will obtain redress for those Canadian subjects of Her Majesty who were deprived of their property and liberty without just cause while the controversy was in progress.

At an early date a measure will be laid before you having for its object a revision of the duties of customs, with a view to meet the changes which time has effected in the business operations of all kinds throughout the Dominion. While my ministers do not propose to change the principles on which the existing enactments on this subject are based, the amendments which will be offered for your consideration are designed to simplify the operation of the tariff and to lessen, as far as can be done consistently with those principles, and with the requirements of the treasury, the imports which are now in force.

There will also be laid before you a measure on the subject of bankruptcy and insolvency, which will, it is hoped, make more adequate provision than now exists on that subject for the increasing trade and commerce of the country, and for the greatly expanded trade between the several provinces of Canada.

Measures will also be submitted to you making more effective provisions for our lines of steam communication on the Atlantic and Pacific oceans; for improving the law with regard to Dominion lands, and with regard to the management of Indian Affairs; also a bill respecting joint stock companies, another with respect to the fisheries and several less important measures which experience has suggested with regard to various matters under your control.

Gentlemen of the House of Commons: The public accounts will be submitted to you at an early date and also the estimates of the expenditure which has been considered necessary for the ensuing year.

Honorable Gentlemen of the Senate and Gentlemen of the House of Commons: While it is hoped that the public measures which will demand your attention will be very numerous, some of them will be of great weight and importance, and it is my earnest hope and prayer that the care and zeal which you will apply to the deliberations of the session may be aided by the abundant blessing of the Almighty.

The editor of a French press-cutting agency, who deals in the newspapers of the entire world, has made a calculation as to who is oftener mentioned as a public character. Napoleon stands first, although this is probably a consequence of the passing fashion of things Napoleonic that set in some time ago. Then comes the Emperor of Germany then Prince Bismarck, and in only the fourth place is Gladstone. Immediately after comes Carnot, and the pope is a rather bad sixth.

Law Costs in the Territories.
To the Editor of the Moose Jaw Times.

DEAR SIR,—

Since my last of March 14th I have seen some evidences of law costs in Manitoba through the Winnipeg weeklies. It may be of some interest to the people of the North-West Territories to know how that large army of lawgivers carries on their learned professional work for the temporal and spiritual good of the people and general peace of the empire.

I will now give you a copy of the proceedings of a law suit conducted by an eminent lawyer in Moose Jaw. For his worthy clients who could perjure themselves in a public court of justice (or injustice) for the sake of a few dollars to themselves and crushing a most enjoyable neighbor that had lost confidence in them for the fraudulent and swindling way they drove their own herd of animals away to feed on their neighbors' hay, grain and strawstacks and sell their own to feed animals in Moose Jaw. A very honourable way of becoming a millionaire in the North-West, and so well backed up by the present constitutional laws.

HUMAN INSECT EATERS.

Humboldt relates that yellow ants are eaten in Brazil, mixed with resin as sauce. Locusts are now eaten in the Crimea, Greece, India, Arabia, Persia, Africa and Madagascar.

The aborigines of Australia make a cake of the pounded bodies of a night flying creature of the moth genus.

Not contented with the honey and wax which the bees yield, the Chinese eat the insects themselves.

The Chinese are fond of the larvae of a species of hawk moth, some of which, according to Dr. Erasmus Darwin, are very delicious.

White ants are much prized as food in various parts of Africa. The Hottentots eat them both raw and roasted, and thrive wonderfully on them.

In India and the East Indies the natives mix wax with flour, and make them into cakes, which is considered to be highly nutritious.

The wire worm, the larvae of a small beetle, is eaten in large quantities by the Hottentots, and the Chinese also eat some species of wire worms.

The Chinese, kindly denominated four winged insects, were largely eaten by the Hottentots, and their delicate flavor was appreciated by many writers.

One of the same species of the common, about the thickness of one's finger, is still eaten in some parts of America, Africa, and the West Indies and Mauritius.

Spiders are by no means so repulsive as they are made out to be. The natives of New Guinea, even eat the spiders which are known to be very good.

A New Italian Cook.

A dollar is to be struck in Italy, large in size and greater in value than the familiar five lire piece. The old Maria Theresa is to be the model. Even its coins, and even in Italy, they seem to be going back to the old patterns. The Maria Theresa thaler is not now so unusual as it used to be. There is a tendency in coins to locate themselves. To this day the forty franc piece of the first Napoleon, rare in the north of France and not often met in Paris, are in free circulation on the Riviera. The new coin will, of course, have on the reverse the familiar effigy of King Humbert and be surrounded by an inscription setting forth the Italian sovereignty over its African possessions.—Am. Merc. Banner.

A nation fell off a Whodung, W. Va. tree, and split lengthwise. A dirty faced boy immediately sprang from nowhere, hit on one of the hemispheres, gave his face a header into its liquid depths, and presently emerging, spluttered the ecstatic remark: "It's a sloppy day when I don't get aboard."

A novel service was held recently by the congregation Shearwater-Todd, of Orange, N. Y. It was the consecration of a scroll of the book of the law presented to the congregation. The scroll is written entirely by hand, in Hebrew, upon parchment, and is eighteen inches in width and over two hundred feet in length. It contains the entire Pentateuch.

THE GREAT SOUTH AMERICAN

NERVINE TONIC

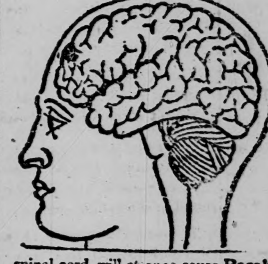

AND

STOMACH AND LIVER CURE

The Wonderful HEALTH BUILDER & NERVE FOOD

Chronic Diseases are caused by Deranged Nerve Centres

at base of the Brain.

LATE discoveries have absolutely proven that the Stomach, Liver, Lungs, and indeed all internal organs, are controlled by the nerve centres at the base of the brain. The manufacture of SOUTH AMERICAN NERVINE has studied this subject closely for more than twenty-five years, and has lately demonstrated that two-thirds of our Chronic Diseases, are due to the imperfect action of nerve centres, either within or at the base of the brain and not from a derangement of the organs themselves; hence that the ordinary methods of treatment are wrong.

As all know, a serious injury to the spinal cord, will at once cause Paralysis of the body below the injured part, it therefore will be equally well understood, how the derangements of the nerve centres, will cause the derangement of the different organs of the body which they supply with Nerve Fluid or Nerve Force.

The wonderful success of SOUTH AMERICAN NERVINE is due alone to the fact that it is based on the foregoing principle. The use of a single bottle of this remedy will convince the most incredulous. It is indeed, a veritable Nerve Food and Will Relieve in One Day the varied forms of Nervous Disease and Stomach Troubles.

Nervous Diseases.

This class of diseases, is rapidly increasing each year, on account of the great wear and tear of modern living and labor imposed upon the nervous system. Nine-tenths of all the ailments to which the human family is heir, are dependent upon nervous exhaustion, impaired digestion, and a deteriorated and impoverished condition of the blood. The SOUTH AMERICAN NERVINE is a great nerve food and nerve builder and this accounts for its marvelous power to cure the varied forms of nervous disease, such as Neuritis, Nervousness, Nervous Prostration, St. Vitus's Dance, Nervous Choking, Nervous Paralysis, Twitching of the Muscles, Hot Flashes, Mental Depression, Forgetfulness, Sleeplessness, Restlessness, Nervousness of Females, Palpitation of the Heart, Sexual Weakness, etc., etc.

A SURE CURE FOR ST. VITUS'S DANCE.

My daughter, twelve years old, had been afflicted for several months with St. Vitus's Dance. She was reduced to a skeleton, could not walk, could not talk, could not swallow anything but milk. I had to handle her like an infant. Doctors and neighbors gave her up. I commenced giving her the SOUTH AMERICAN NERVINE Tonic, and the effects were very surprising. In three days she was rid of the nervousness, and rapidly improved. Four bottles cured her completely. I think the SOUTH AMERICAN NERVINE the greatest remedy ever discovered, and would recommend it to everyone.

Subscribed and sworn to before me this May 19, 1897.

CHAS. M. TRAVIS, Notary Public.

A WONDERFUL CURE FOR

INDIGESTION and DYSPESIA.

Loss of Appetite, Weight and Tenderness in the Stomach, Sour Stomach,

Pain in the Stomach, Wind upon the Stomach, Nausea and Sick Stomach,

Sick-Headache, Hiccough, Water Brash, Heartburn, Vertigo and Dizziness,

Sleeplessness, Frightful Dreams, etc.

The Stomach suffers more than any of the other organs from disease,

because into it are taken so many indigestible and irritating substances as

articles of food. In its great effort to digest these, it soon becomes weakened

and diseased. Under such circumstances, it is not wonderful, that so many

complain of indigestion and weak stomachs. When the Stomach fails to digest

and assimilate the food, the whole body falls into a state of weakness and decay,

for Nature has decreed that the body must constantly receive nutriment

through the Stomach, to repair the waste of tissue constantly going on in the

system.

The South American Nerve

is probably the greatest remedy ever discovered for the cure of all Chronic

Stomach troubles, because it acts through the nerve centres. It gives

marked relief in one day, and very soon effects a permanent cure. The

first bottle will convince anyone that a cure is certain.

Mr. Lindsay, travelling agent for the Massey Harris Co., was in town this week.

Lacrosse practice is in full blast and a meeting will shortly be held to organize for the coming season.

Mr. Joseph Buxton bought four lots on River St. where he intends to erect a two story brick house.

Itch on human and horses and all animals cured in 30 minutes by Woolford's Sanitary Lotion. This never fails. Sold by W. W. Bole.

A meeting has been called for Saturday evening, March 31st, at 7.30, at the TIMES office, to organize a Polo Club.

Wheat advanced three cents a bushel on the Chicago Exchange Wednesday owing to reported damage to winter crops.

For your boots and shoes go to M. J. MacLeod's. His stock is complete in all kinds and is offering some wonderful big values. (ADVT.)

R. W. Timmins and Geo. Barber were delegates from this point to the C. E. Convention held in Moosemin on Easter Sunday and Monday.

Sportsmen were out in full force yesterday. It is estimated that 1500 shots were fired within 4 miles of the town and Herb Carter shot 2 quail.

Willow bunch will at last get a mail service, and the seventy odd settlers who have been working for it during the last five years are accordingly happy.

Rev. F. B. Stacey delivered an interesting address before the Royal Templars in Hamilton on Thursday last. The reverend gentleman is expected home to-morrow.

The Ladies' Guild of St. John the Baptist Church will hold their annual Bazaar and Supper in the town hall on Tuesday, April 3rd. The hall will be open from 14 to 17 o'clock free. Supper will be served from 18 to 20 o'clock. All are cordially invited. Admission 35 cents.

A meeting of the Moose Jaw Gun Club was held in the C. P. R. Dining Hall last night. The following officers were elected for the ensuing year: J. H. Ross, M.L.A., Hon. President; A. Hitchcock, President; J. A. Galloway, Vice President; H. W. Carter, Sec'y; D. McVaneil, Treas.

Rev. Mr. Bemie, of Regina, preached in the Methodist church on Sunday.

Mr. Newburn, of Turner & Co. Hamilton, was in town this week.

Mr. Benjamin, of Long Lake, was in town on Wednesday with a load of fish.

Mr. Hamilton Long, proprietor of the TIMES, is visiting friends in Brandon this week.

See Austin McDonald before you start horse cleaning. Kalsomining, paper hanging, painting and room decorating a specialty. The only one who has the improved Germ Killer to wash walls with. 41-42

A report that the Government had been defeated by 24 of a majority spread like wild fire yesterday; although it looked a little "fishy" the number of votes that developed in ten minutes was surprising.

A large number of marines passed through Moose Jaw on Easter Monday on their way to Esquimaux. While the train was waiting the men were drilled on the platform and then marched through the town.

Mr. Thos. Healey has purchased the confectionery stock of R. C. Macdonald and, in order to make room for it, is making considerable improvements in his present quarters. The store presents a neat and tasty appearance and Tommy will doubtless do a thriving trade.

Many will regret to hear of the death of the eldest child of Mr. H. G. Hubbell which occurred in Prince Albert on Monday last. Diphtheria was the cause. Mr. and Mrs. Hubbell have the sympathy of a large number of Moose Jaw friends in their sad affliction.

The R. T. of T. will hold their meeting on Wednesday evening next week instead of Tuesday. All members are requested to be present as Grand Comptroller Stacey will give a report of the Dominion Council meeting held at Hamilton last week. Refreshments will be served during the evening.

A pleasant "at home" was given on Thursday night in O'Connell's Hall by the members of Valley Lodge No. 1 I.O.O.F. Invitations were extended and upwards of one hundred guests were entertained in different ways. Games and music provided by the Committee of Management. Mr. C. A. Gase, N.G. opened with a few remarks on the order and expressed the hope that all would enjoy themselves. The committee, Messrs. Gase, Fisher and Parsons deserve praise for their efforts to please and the careful arrangement in every particular.

Encouraging the Useful Submitter.
Many good items of news are lost to newspapers by the modesty of the people, who hesitate to tell matters concerning themselves, not that they object to the item but they are afraid they would no longer themselves forward. The man who informs us that he is going to Chicago, or that his wife's mother is visiting him, is the man we are looking for. If you know any good news tell us, we will turn our back while you blub. If you have done anything mean it will not be necessary to tell it we will find it out anyway. (Nokomis Free Press Gazette.)

Relief in Six Hours.—Distressing Kidney and Bladder troubles relieved in six hours by the "New Discovery" Kidney and Bladder Cure." This is a great cure for the excruciating pain in the bladder, kidneys, back and every part of the urinary passages in male or female. It follows retention of water and pain in passing it almost immediately. If you want quick relief, cure this is your remedy. Sold by W. W. Bole.

The editor of a French press-cutting agency, who deals in the newspapers of the entire world, has made a calculation as to who is oftenest mentioned as a public character. Napoleon stands first, although this is probably a consequence of the passing fashion of things Napoleonic that set in some time ago. Then comes the Emperor of Germany, then Prince Bismarck and in only the fourth place is Gladstone. Immediately after comes Carnot, and the pope is a rather bad sixth.

Easter Services.

The Easter services in St. John the Baptist's Church were well attended. The church was tastefully decorated with flowers. Both services were conducted by the incumbent, Rev. W. E. Brown, who was assisted by Mr. de la Hays, of Buffalo Lake. The offerings during the day amounted to \$94.50.

A Former Moose Jawite Visits his Hometown.
A Trenchbridge correspondent says: Mr. Benjamin Rothwell, son of Mr. B. Rothwell, principal of the Listowel Public School, has been having a good time amongst his friends and relatives at Trowbridge for the last week or more. His presence amongst us brings to our memories the time when his father began his life work in a little log school house in this village about 35 or 36 years ago. We remember the feeling of jealousy that came over this village when Listowel took Mr. Rothwell from us. But many times have we been delighted with the thought that Listowel has used him well, and paid him a better salary than Trowbridge possibly could have done.—Huron Express.

Wedding Bells.

The matrimonial rumors that have been whispered around town for the past few weeks were verified by Mr. Tupper Vance and Miss Annie Hood being made one by Rev. W. L. Clay, at the manse on Wednesday evening. The bride was supported by Miss Annie Harris, while Mr. J. T. Rieley proved "a friend in need" for the groom during the trying ordeal. The bridal party then adjourned to the happy couple's residence on Fairfield St. where a sumptuous repast was served in Mrs. McWilliams' well known style, for a few intimate friends.

The following is a list of the presents: Mr. and Mrs. G. Gordon, Medicine Hat, silver cruet; Mr. Albert McCauley, silver butter dish; Miss Wilson, silver breakfast cruet; J. A. Healey, china fruit dish and earl receiver; Miss McLean, glass set; F. W. Robinson, deer set; J. G. W. L., pair of napkin rings; Mr. and Mrs. McNeil, carving set; Ed Jackson and Alex. McIntosh, marble clock; Mr. and Mrs. Hood, half dozen silver spoons; Mr. James McCauley, silver pickle dish; Mr. J. T. Rieley, fancy parlor lamp; Miss Annie Harris, toilet set; Mr. Conn Leary, pair of sofa pillows and parlor lamp.

The TIMES takes much pleasure in wishing the young couple a long and happy life.

A meeting of the town council was held in the clerk's office on Monday evening. Present: Mayor Gass and Councillors Davidson, Fletcher and Richards. Minutes of last regular meeting read and confirmed.

The following Communications were received: Municipality of South Qu'Appelle; account of R. Board directions for using chemical engine.

Davidson—Richards—That the act of R. Board of \$24.50 be paid. Carried. Richards—Fletcher—That communication of Municipality of South Qu'Appelle be placed on file for future reference. Carried.

Councillor Richards then introduced By-law No. 122, which was read a first second time.

Davidson—Fletcher—That the application of J. E. Annable for Assessor for 1894 be accepted. Carried.

Fletcher—Richards—That Messrs. John Rutherford and R. Bogue be appointed Auditors for 1894. Carried. Fletcher—Richards—That the clerk procure a cheap frame for the directions for operating fire engine and hang the same in the fire hall. Carried.

Councillor Davidson gave notice that at the next regular he would introduce a By-law confirming the appointment of Assessor.

Councillor Fletcher gave notice that at the next regular meeting he would introduce a By-law confirming the appointment of Auditors for 1894. Council then adjourned.

NEW SPRING GOODS JUST ARRIVED.

To tell you that we have now a very large stock would not be doing justice without saying that it's complete with the best and latest styles. On our Boot and Shoe side we are showing an excellent assortment in all styles, and will be safe in saying that we can suit and fit mostly anyone.

In the centre we have a magnificent large range of Men's Boy's and Children's Ready Made Clothing, and as to quality and make, a look through will soon convince you that we carry the leading stock.

Our Gent's Furnishings side is complete with new Spring wears.

HATS! HATS! We are showing a great display of hats in all the leading styles and shapes. And a word as to prices. I would ask you to come and see for yourselves and you will be surprised to see what goods can be sold for.

M. J. MACLEOD.

English Savina Liniment removes all hard, set or calloused Lumps and blemishes from noses, blood spavens, Corns, Splints, Ring bones, Sweeney, Stiles, Sprains, Sore and Swollen Throat, Coughs, etc. Save \$50 by using one bottle. Sold by W. W. Bole.

Rheumatism Cured in a Day.—South American Rheumatic Cure for Rheumatism and Neuralgia radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly lessens. 75 cents sold by W. W. Bole, Druggist.

NOTICE.

The following is a summary of the Regulations with respect to the lands in the Territories, as well as those respecting the purchase of the same.

Any person may explore vacant Dominion Lands for mineral deposits, and, if he discovers them, either by surface or by prospecting, for mineral deposits, with a view to obtaining a mining location for the same, but no mining location shall be granted until actual discovery has been made of the vein, lode, or deposit of mineral or metal within the limits of the location applied for.

A location for mining, except for Iron or Petroleum, shall not be more than 1,500 feet in length, nor more than 600 feet in breadth. A location for mining Iron or Petroleum shall not exceed 100 acres in area.

On discovering a mineral deposit any person may obtain a mining location, upon making out his location on the ground in accordance with the regulations on that subject, and filing with the Agent of the Dominion Lands for the district, within sixty days from discovery, an affidavit in form prescribed by Mining Regulations, and paying at the same time an office fee of five dollars, which will entitle the person so recording his claim to enter into possession of the location applied for.

At any time before the expiration of five years from the date of recording his claim, the claimant may, upon filing with the Local agent that he has expended \$500 in actual mining operations on the claim, by paying to the Local Agent thereof \$2 per acre, cash, and a further sum of fifty dollars to cover the cost of survey, obtain a patent for said claim, as provided in the said Mining Regulations.

Copies of the Regulations may be obtained upon application to the Department of the Interior.

A. M. BURGESS, Deputy of the Minister of the Interior, Department of the Interior, Ottawa, July 1890.

Homestead Regulations.

All even-numbered sections of Dominion Lands in Manitoba and the North-West Territories, except 8 and 26, which have been homesteaded, reserved for the benefit of settlers, or other purposes, may be homesteaded by any person who is sole head of a family, or male over eighteen years of age, to the extent of one quarter section of 160 acres, more or less.

ENTRY.
Entry may be made personally at the local land office in the land to be taken to settle, or if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, or the Commissioner of Dominion Lands, Winnipeg, receive authority for some one to make entry for him. A fee of \$10 is charged for an ordinary homestead entry; but for lands which have been occupied an additional fee of \$10 is chargeable to meet inspection and cancellation expenses.

LOMESTEAD DUTIES.
Under the present law homestead duties may be performed in three ways, and on making application for entry the settler must declare under which of the following conditions he elects to hold his land:—

1. Three years' cultivation and residence during which period the settler may not be absent for more than six months in any one year without forfeiting the entry.

2. Residence for two years and nine months anywhere within two miles of the homestead quarter section and five months actual residence in a habitable house upon the homestead for three months next prior to application for patent. Under this system 10 acres must be broken the first year after entry, 15 in the second, and 15 in the third year; 10 acres to be broken the second year and 15 acres in the third year.

3. The five years' system, under which a settler may reside on his land for the first two years (but must perfect his entry by making a declaration of intention within six months after the date thereof) breaking five acres the first year, cropping three acres and breaking 10 acres additional the second year, and also building a habitable house before the end of the second year. The settler may, at the expiration of two years from the date of entry, and thereafter reside upon and cultivate his homestead for at least six months in each of the three next succeeding years.

APPLICATION FOR PATENT
may be made before the local agent, or any homestead inspector. Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands his intention to do so. When, for convenience of the settler application for patent is made before a homestead inspector, a fee of \$5 is chargeable.

SECOND HOMESTEAD
may be taken by anyone who has received a homestead patent or a certificate of reconveyance conferred by the Commissioner of Dominion Lands upon application for patent made by him, or had earned title to his first homestead on, or prior to the second day of June, 1890.

INFORMATION.
Full information respecting the regulations, and copies of these Regulations, as well as those respecting Dominion Lands in the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa, the Commissioner of Dominion Lands, Winnipeg, Manitoba; or to any of the Dominion Lands Agents in Manitoba or the North-West Territories.
